

Gold Coin Donation Day

Give a little, help a lot

Student athletes are missing out on the opportunity to participate in sport due to financial barriers.

There's an urgent need to support students in pursuing their sporting dreams.

How can your school help?

The SESF is an Australian charity that supports students who are facing financial barriers to participate in state and national championships at their chosen sport.

Your school can help make a difference to students by running a gold coin donation day at your school and donating the funds to the SESF.

Where does the money go?

-  The SESF provides students facing financial hardship with scholarships of \$1,000.
-  Every dollar raised goes directly to students in need.

Dress up ideas

- Favourite sports team jersey or colours
- Sporting hero or athlete they admire
- Favourite sport

When to run the day

- Anytime throughout the year.
- You could schedule around the Soccer World Cup, Easter or End of Term to engage students.

Empowering students

- Use this as an opportunity to empower your student leadership group and ask your student representative or council to run the day.

Make a Donation

Once the gold coin donation day has run, please visit www.sesf.org.au/donations to make your donation or contact admin@sesf.org.au to generate an invoice.
